Applications:

Ice Cube Tray

Ice cube trays are essential items for making ice cubes at home. This product is designed to produce perfectly shaped ice cubes, and is available in a variety of materials, sizes, shapes and colors. The material of the tray can be plastic or silicone, and the number of cavities can range from 6 to 60. Most ice cube trays are stackable for easy storage and have a variety of shapes, such as square, round, rectangle or novelty shapes. The colors available are white, blue, green, red, black and multi-color.

The ice cube tray is ideal for making frozen ice cubes for drinks, or for baking cakes with shaped ice cubes. It can also be used to make ice cream and popsicles, or to make frozen desserts, such as jello shots. In addition, the silicone ice cube tray can also be used to make ice balls, which are perfect for adding a touch of elegance to drinks and cocktails. Moreover, silicone ice ball molds are also available, which are ideal for making spheres of ice with a touch of creativity.

Customization:

Customize your Ice Cube Tray

Choose the perfect Ice Cube Tray with lid for your home, made out of your preferred material and in your favorite shape, color and BPA-free material!
